To Our Valued Patients:

I am excited and proud to announce the association of Dr. Chris Sicinski to our practice. He is a graduate of Indiana University School of Dentistry, where I have been involved as a clinical professor for the past 12 years. Of the many students and doctors that I have taught and mentored, none have caught my attention like Dr Sicinski. His accomplishments in dental school are exemplary and speak to his broadly recognized clinical excellence by the faculty. Dr. Sicinski lives in Munster and is pleased to come home to practice in the community where he was raised. I am seizing the opportunity to acquire this worthy associate.

We will now offer additional services as well as expanded hours. Dr. Sicinski is committed to making himself available to patients with compromised schedules. For your convenience, extended hours will be available on various days, either early mornings or evenings. Saturday appointments may be obtained upon a reservation of time. I have full confidence in his skills to provide high quality dentistry and his sensitivity for the feelings and needs of apprehensive patients. He has been trained well in my techniques of pain-free dentistry. You will find Dr. Sicinski to be genuine, empathetic, and well informed. He has a profound concern for his patients. His values and priorities are completely in line with mine. He shares the passion for excellence in dentistry and his energy rivals my own.

I assure you that my availability to our patients will remain unchanged. This transition is in the direction of growing our practice, **I have no intention of cutting back or slowing down.** Thank you for the trust and confidence you have in me, I will continue to have your best interest in mind. Please join us in welcoming Dr. Sicinski as a valuable addition to this practice.

Sincerely yours,

James M. Lipton, DDS
Diplomate, ABDSM
