

Update from James Lipton DDS as of March 24, 2020

As the situation regarding the Coronavirus has continued to evolve, the Governor has issued a “stay at home” order. We will not be seeing patients for anything other than dental emergencies through April 17, 2020.

If you are a patient of record and have a true dental emergency, please call the office and leave a voice-mail with your name, date of birth, and the nature of your emergency. Dr. Lipton will call you back to triage your emergency. If you currently have an appointment scheduled between April 1- April 17, 2020, we will contact you to reschedule.

As more information becomes available from governmental and dental agencies, we will contact you if there are any further changes to this current plan.

This is a time when the community needs to pull together. We need to be sure to look out for each other. We value your understanding as we adjust to the demands of the current situation.

With your good health in mind,

James Lipton DDS
